Welcome Fellow Artists, Entrepreneurs, and Local Merchants!

Greetings,

My name is David Frank, and I am the creator and founder of ArtsDrive™, a partnership project of [Working Legacy, PBC](#). **ArtsDrive™ is a large-scale vision project dedicated to** connecting and supporting local arts, business, and community members to drive economic growth and help advocate for the importance of arts education in our schools. **Currently, we are working in the TX Hill Country but do plan to expand when the time is right and resources are in place.**

The ArtsDrive™ model has been researched, tested, and revised over the last 15 years. Contrary to the hyper-growth business models of today, we are building a TEAM of local partners who see beyond the value of our products and services and understand the fundamental importance of working together as a community to build greater lasting value for all.

- As an entrepreneur and creative myself, I understand the challenges of building a brick-and-mortar business, struggling to be self-employed, and the importance as well as the challenges of online marketing. As a result, I also appreciate the need to provide our members with tangible value and services for their commitment to joining our network.
- **Our offering is simple: to provide you with affordable, professional media and marketing assets that support your goals and expand your visibility and reach.**
- **COVID-19 Update: Please note, as a direct result of COVID-19 and the economic crises, we too have had to PIVOT our business which is how eLocals.org was born.**
 - **eLocals.org is focused on helping small local businesses gain more exposure to drive online traffic to their e-commerce websites.**

I invite you to contact me directly to discuss how our TEAM can best help promote your business and the local community. I look forward to the opportunity to visit with you.

MAKE EVERYDAY COUNT!

CHEERS
DAVID
